

50 hours / 1.5 ECTS Credit

Count of points: 223/245

Distributed Lab

9287ea51d845c933dffb

Issued on: 27.12.2023

Certificate

This is to certify that

Anastasia Zatsarenko

has successfully completed Course "Cryptography for Developers"

Exam passed

TOPICS

Basic Concepts and Definitions • Hash Function. Features. SHA • Symmetric Encryption. Structure of Modern Encryption Method. DES/AES
Symmetric Ciphers. Feistel Networks, SP Networks. DES and AES Algorithms • Cryptographic Security. Key Exchange Protocols • Modular Arithmetic.
Group, Ring, Field • Asymmetric Cryptographic Algorithms • Digital Signature • Directed Encryption
Cryptography in Decentralized Systems • Zero Knowledge Proof

Pavel Kravchenko, PhD
CEO & founder Distributed Lab

Oleksandr Kurbatov
Researcher at Distributed Lab

Bohdan Skriabin
Researcher at Distributed Lab
